

# VOLUNTARY SERVICES PROGRAM

Our nation's heroes at Department of Veterans Affairs medical centers, nursing homes and clinics need volunteers. As a DAV volunteer, you can assist veterans, their families and their caregivers by sharing your time and talents to perform a wide range of duties.

Volunteer support for those who served can be as simple, and as important, as being a buddy to a veteran during rehabilitation or involve highly technical and professional skills. All DAV volunteers gain meaningful experiences by empowering veterans to live healthy and fulfilling lives.

If you are interested in becoming a DAV volunteer, please contact our Voluntary Services Department by calling our national headquarters or emailing [vavs@dav.org](mailto:vavs@dav.org).

## **DAV Transportation Network**

In 1987, a government program that provided travel reimbursement for ill and injured veterans was discontinued. Recognizing that many veterans would be left without rides, DAV and its Auxiliary took on a new challenge and created the DAV Transportation Network.

For more than a quarter of a century, Transportation Network volunteers have provided free rides for our nation's heroes who are receiving medical care at VA facilities nationwide.

DAV volunteers typically give hundreds of thousands of rides to veterans annually. If you have an interest in becoming a volunteer driver or supporting this crucial effort, please contact DAV by emailing [vavs@dav.org](mailto:vavs@dav.org) or calling toll-free 877-426-2838.
